JANUARY & FEBRUARY 2012

SNOWCraze!!!

This year's winter retreat will be held at Yellowstone Alliance Adventures Camp in Bozeman, Montana. There will be several speakers, games and an option to ski or snow-board! This is a great way for Middle School and High School students to escape the winter blues by getting outside!!! This weekend long retreat is February 17th-20th, we will be leaving from Glendive Alliance Church at 12:30pm. The cost of the trip is \$130 plus an additional \$66 for skiing or boarding. Food, lodging, and transportation are all included. Check out our calendar for ways to earn money toward SnowCraze. A \$50 deposit (included in the full price) for SnowCraze is due Wednesday, January 18, 2012, along with a registration form. More information will be sent home about what to bring.

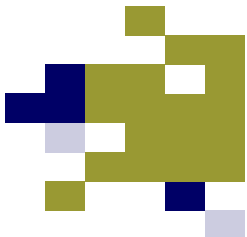

The word "ascent" literally means upward movement, moving upward from a lower to a higher state, the art of climbing or traveling up. Ascent Student Ministries exists to see God glorified by lifting Him up and growing ourselves into mature reproducing disciples of Christ.

# MISSIONS' TRIP TO CHICAGO 2012

This summer the Ascent is traveling to the big, windy city of Chicago for an Envision Missions' Trip. We will be working with the Family Empowerment Center, helping operate daytime sports camps, VBS, and engaging with youth of different backgrounds. The Family Empowerment Center is a para-church organization that runs year around to help meet the needs of their community. This trip will take place July 14-22, 2012. The cost of the trip is \$500.00, like every event the Ascent participates in, we will be working hard to raise money toward the trip. We hope that you will consider serving in Chicago this summer. Please check out the Envision website to find out more information.
